## PREACHERSVILLE.

James Dyhouse's little boy's broken arm is mending nicely.

Beazley's rock crusher is at Walter Warren's. We hope this will make our bad pikes better.

D. M. Anderson and Josiah Anderson have returned from the World's Fair.

Preachersville will get along nicely without a rural mail service our people are all saying. The petition being circulated against it is getting quite a long list of signers who most vehemently object to it being established.

Howard Carrier, of Nashville, is visiting his friend, J. T. Bingaman. Sam Carpenter, of Madison, has been visiting W. H. Cummings. W. T. Sutton and wife, of Garrard, visited at J. K. Sutton's. Your correspondent was at the Brodhead fair and spent a few days with O. E. Lawrence.

P. E. Parrish sold to A. M. Pence 30 ewes at 30c, also a bunch of butcher cattle to Ben Robinson at 30c. J. M. Cross sold some hay to Logan Cash, of Rockcastle, at 50c at the barn. J. H. Thompson sold to J. B. Willis, of Crab Orchard, 700 bales of hay at 50c in the field. F. B. Parrish's walking mare won at the Brodhead fair over eight competitors and was loudly cheered by the Preachersville people who were present. Mr. Dallas, Brodhead's barber, immediately bought her of Mr. Parrish for \$125. Bob Garrison bought of J. T. Bingaman a cow and calf for \$35. Frank Gross, our clever veterinary and breaker of horses, is kept quite busy attending calls. His work is giving entire satisfaction.

## LAND, STOCK, CROPS, ETC.

Sam Costello bought of A. M. Feland a horse for \$125.

John S. Baughman sold to Thomas C. Ramsey, of Monticello, a three-year-old Alliewood gelding for \$250—Advocate.

D. C. Tucker, Jr., bought in Marion county 50 shoots at 3¢ cents, which he disposed of in Boyle county at 4¢ cents. Advocate.

B. G. Fox & Co. will be at Stanford next court day to buy 100 mule colts and 50 yearlings. Mules received day of purchase.

Men with blackened faces held up a lone herald and shot to death over 1,000 head of thoroughbred sheep on Little Summit prairie in Oregon.

ESTRAYED.—A black horse about six years old, long mane and tail, this is order. Left my mill Aug. 15. Information leading to his recovery will be rewarded. S. C. Thurmond, Lytle, Ky.

Robert Reeves, of Christian county, is probably the largest wheat grower in Kentucky this year. Reports at the State Agricultural Department are that he raised 20,000 bushels and that he refused \$1.15 for it.

S. E. Terry sold to J. W. Pierce, of Lebanon Junction, his fine educated high school horse "Glasgow," for \$350. "Glasgow" is one of the prettiest yellow horses ever seen here, as well as one of the best educated.—Glasgow Times

### AUGUST.

The month of highest temperatures fitly derives its name from that of the Emperor Augustus, who was the warm baby in the bunch (de fasciculo infans calidissimus).

In August sin goes down to the seashore and the churches close their doors.

Politicians lie low; just enough in fact to keep their hand in.

The leisure classes are more violently leisurely than ever.

## DEMOCRATIC TICKET.

For President.

ALTON BROOKS PARKER,  
of New York.

For Vice President.

HENRY G. DAVIS,  
of West Virginia.For Judge Fifth Appellate District.  
JUDGE JAMES E. CANTRILL,  
Of Georgetown.

THIRTY-SIX naval vessels were completed in July or are under construction. Of these 14 are battleships, eight are armored cruisers, two are gunboats and five torpedo boats. It will be necessary to increase the number of officers and men in the service in order to put these vessels into commission, and so it goes with an ever increasing expense to keep up the show of a world power, when Judge Parker truly says we have been a world power for 100 years.

HON. A. R. BURNAM thought when there was such a row and rumpus over the nomination of Judge Cantrill for appellate judge that he would run again and succeed himself. Now that the democrats have quieted down Judge Burnam has changed his mind and will "attend to his pressing private business," and let politics alone.

REALIZING that they can not elect their own candidates the populists are trying to break into the ranks of the republican party on the principle that two extremes should meet.

## POLITICAL.

Whitley county republicans will nominate county officers by a primary Oct. 15.

Dr. J. M. Ferguson, of Muhlenberg county, was appointed Second Assistant Physician at the Western Asylum at Hopkinsville by Gov. Beckham.

Holland Whitaker, indicted for complicity in the murder of Gov. Gobbel, is a candidate for the Republican nomination for Sheriff of Butler county.

Former Lt. Gov. Timothy Woodruff, of New York, says the coming republican State convention at Saratoga will be left to an absolutely untrammeled choice of a candidate for governor.

President Roosevelt weighed 185 pounds before he became president and now weighs 208. A correspondent says 40 pounds of this weight is teeth and the remainder gall.—Glasgow Times.

Judge J. S. Odell, who has been actively engaged in making the race for renomination as county judge of Anderson county, has announced his withdrawal from the race and has also resigned the office.

President Roosevelt's administration for four years has added \$18,000,000 a month, or \$600,000 day, or \$2,500 an hour, more to the cost of Government than was paid during the last four years of President Cleveland's Administration.—New York World.

Hon. John G. Carlisle was the guest of Judge Parker at Rosemount. It is stated that there is no certainty of Judge Parker making any speeches in the West in connection with his trip to St. Louis or otherwise. A close friend said that no stumping tour would be undertaken.

The Hunter men on the Eleventh District committee failed to attend the London meeting yesterday, and the Edwards members adjourned to September 1, prior to which time they will apply to some Circuit Judge in the district for a mandatory injunction to compel the attendance of the others.

The certified returns received by D. C. Edwards show that he received 989 votes in Bell county, and that 659 votes were cast for Dr. Hunter. In order to give Dr. Hunter a majority over Edwards, Byerly's Committee gave Hunter 1,790 votes in Bell, 1,131 more votes than were cast for him.—London Democrat.

The name of Dr. W. Godfrey Hunter, as nominee of the Republican party for Congress in the Eleventh congressional district, was certified to the Secretary of State for the position under the log cabin device on the official ballot. The certificate was filed by Mr. Bosworth, of Middlesboro, for Dr. Hunter, and it is signed by W. W. Byerly, of Bell county, as chairman, and D. D. Fields, of Letcher county, as secretary pro tem, of the Republican Committee for the district. It is the only certificate filed as yet from the district, and entitles Dr. Hunter to the party emblem on the ballot.

An important opinion was rendered by Attorney General Hays in which he holds that all life insurance policies are property within the meaning of the constitution and statutes of Kentucky and are subject to taxation in the hands of the holders at their cash surrender value.

Former Secretary of the Treasury John G. Carlisle and John P. Frezel, of Indiana, were among the callers at National democratic headquarters in New York. John T. McGraw and a West Virginia delegation also called to ask that a vigorous campaign be started at once in that State. Chairman Taggart was advised of three speaking appointments by W. J. Bryan in Nevada and Missouri.

A Williamsburg dispatch says: Wm Bryant was shot and killed near the Pulaski line. Bryant was returning from church in a wagon loaded with people when he was shot from ambush.

The shot passed through the back of his head and wounded another man in the arm. The killing was the result of old feud. The murderer escaped.

Hundreds of Japanese guns are still pouring a deadly fire into Port Arthur, and dispatches from Japanese sources say the Russian lines have been weakened and that the entire line of defenses immediately about the harbor is within range of the guns of the Mikado's attacking forces. A number of Russian fort and batteries continue to be vigorous, and the death roll will be heavily increased before they are captured.

The Japanese are supremely confident of the result, and the people of Tokio are decorating the houses and streets in preparation for a national celebration of the expected victory.

Bruce, of Danville, as moderator, and E. H. Fox, also of Danville, clerk. The annual sermon was delivered at 11 o'clock by the Rev. O. M. Huey, of this place.

## No Substitute Offered.

Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that 99 out of 100 druggists recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy when the best remedy for diarrhoea is asked for, and do so because they know it is the one remedy that can always be depended upon, even in the most severe and dangerous cases. Sold by all druggists.

After a sojourn of a week or so there they will go the lakes and remain during the rest of the heated term. From there they will go to Pittsburgh, Pa., and reside. The bride is a handsome young woman, highly accomplished and exceedingly popular. She has a host of admirers who congratulate Mr. Maury on the jewel he has won. Mr. Maury, who is a most affable gentleman, is a successful business man of Pittsburgh. The Menefee home was beautifully decorated with palms, smilax, etc., direct from the South, and the scene presented when the vows were taken was a most lovely one. ## LIVER TROUBLES

"I find Thedford's Black-Draught a good medicine for liver disease. It cured my son after he had spent \$100 with doctors. It is all the medicine I take." - MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fevers and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

"I used Thedford's Black-Draught for liver and kidney complaints and found nothing to excel it." - WILLIAM COFFMAN, Marion, Ill.

It conquers all Coughs, Colds and Throat and Lung troubles. Guaranteed by Penney's Drug Store. Price 50c and \$1.00. Trial bottles free.

## Eleven Poor Boys.

John Adams, second president, was the son of a grocer of very moderate means. The only start he had was a good education. Andrew Jackson was born in a log hut in North Carolina and was reared in the pine woods for which the State is famous.

James K. Polk spent the earlier years of his life helping to dig a living out of a new farm in North Carolina. He was afterward a clerk in a country store.

Millard Fillmore was the son of a New York farmer, and his home was a humble one. He learned the business of a clothier.

James Buchanan was born in a small town in the Allegheny mountains. His father cut the logs and built the house in what was then a wilderness.

Abraham Lincoln was the son of a wretched poor farmer in Kentucky and lived in a log cabin until he was 21 years old.

Andrew Jackson was apprenticed to a tailor at the age of 10 years by a widowed mother. He was never able to attend school, and picked up all the education he ever had.

Ulysses S. Grant lived the life of a village boy, in a plain house on the banks of the Ohio river, until he was seven years of age.

James A. Garfield was born in a log cabin. He worked on a farm until he was strong enough to use carpenter tools, when he learned the trade. He afterwards worked on a canal.

Grover Cleveland's father was a Presbyterian minister with a small church and a large family. The boys had to earn their living.

William McKinley's early home was plain and comfortable and his father was able to keep him at school—Ex-change.

Some Philadelphia physicians recently were playfully discussing the diploma to be employed with young mothers.

"When I am called to a house where there is a baby whose sex I do not know," said one, "I am always embarrassed as to how to speak of it. A mother always feels better if you ask her: 'How is the little boy?' or 'How is the little boy?' as the case may be, as she usually takes pride in the sex of the child, whichever it is."

One of the most famous physicians in the world remarked:</
